Documentary

When their lingerie factory goes bankrupt, the employees—mostly women—attempt to take it over by forming a cooperative. As their project takes shape, they come up against their boss and the reality of the marketplace. Their little enterprise becomes a theater where, in an impish tone, fundamental economic and social issues are played out amidst the bras and panties. Out of their adventure and struggles together comes a new-found freedom.

NOSTALGIA FOR THE LIGHT
Director: Patricio Guzman
Producer: Renate Sachse
Documentary

In Chile, at three thousand metres altitude, astronomers from all over the world gather together in the Atacama desert to observe the stars. The desert sky is so translucent that it allows them to see right to the boundaries of the universe. It is also a place where the harsh heat of the sun keeps human remains intact: those of the mummies, explorers and miners. But also the remains of the dictatorship’s political prisoners. Whilst the astronomers examine the most distant galaxies in search of probable extraterrestrial life, at the foot of the observatories a group of women are digging through the desert soil in search of their disappeared relatives...

THE TIN DRUM (DIRECTOR'S CUT)
Director: Volker Schlöndorff
Cast: David Bennent, Angela Winkler, Katharina Thalbach

Oskar, born in Danzig in 1924 is an incredibly precocious child. At age three, he puts an abrupt end to his physical development by throwing himself down a flight of stairs. On his little drum, which never leaves his side, Oscar beats out the pulse of events that were to rattle Germany and the world to its core. Because the running time of the film Volker Schlöndorff had envisaged exceeded that stipulated in the initial distribution agreement, he had to cut it down by half an hour. The remastered director's cut presents for the first time the film he had originally intended to make.
