

## **THE VOLCANO – SYNOPSIS**

A divorced couple is going to their daughter big wedding in Greece... separately. Except that their flight will unfortunately not take off... and the only way to make it to the ceremony is to exceptionally get along (for once!) and hit the road together!

Needless to say that they're going to find themselves stuck in a huge amount of troubles, lies, adventures, crazy and funny as hell to heat up the screen and set the comedy world on fire! Just as Quad knows how to...
