Our aim is to connect with audiences of every age group, culture, and background,  
and our OUTREACH program is to inspire, educate and to raise awareness of the next generation about this history.

Regarding the production and technical teams, it was important for us to have female representation in important positions -

For now, the film have five official festival selections and a first award :

**54th WorldFest - Houston Internatinal Film Festival - Special Jury Remi Winner Award (Festival category A)**

**21th Beverly Hills Film Festival**

**16th Los Angeles Women's International Film Festival**

**18th Annual Salento International Film Festival - Women in Cinema Short-film Competition**

**11th Aesthetica Short Film Festival (Festival category A)**

**Spread the word** — it is by speaking out that we will bring more light on this crucial topic —

**Our goal is to finally expose the Truth about this hidden history.**

We Thank the Associations that have given us their trust to tell their story.

With the «Everything Inside Us» association, we work hand in hand with several Spanish associations  
like «S.O.S bebés robados» in Madrid. We will keep you inform about our commun actions.
